CHASETOWN FC's remarkable year of success continued this week when the club scooped £10,000 in a competition to improve stadium facilities.

The non-league club saw off fellow finalists Lancaster, Buxton, Stamford and Rushall to win the cash, which will go to-wards improving toilet amenities with disabled access.

Chief executive Mike Joiner said the new toilet facilities, set to be built adjacent to the main stand, would most likely be completed by next Easter.

Run by the Evo-Stik League, the makeover competition was sponsored by home improvement company Travis Perkins, which will provide the building equipment. Participants had to produce a video entry explaining why they were worthy of the top prize and Chasetown edged out Rushall. A BURNTWOOD park could become the first public space in Lichfield district to be gated off and locked at night amid growing concerns about anti-social behaviour.

Redwood Park would be placed off-limits every evening. Councillors believe the measures could solve long-standing problems with nuisance youths in the neighbourhood. The drastic solution depends on a major cash injection to found fund the measures, and members have been told that fencing and gates at the park would cost around \$30,000.

Residents living near the park have complained for several years about antisocial behaviour taking place in the evenings for several years.

Despite action by Staffordshire Police, test purchases of alcohol to detect shopkeepers who sell alcohol to under-age customers, and the provision of extra youth activities, the problem has remained.

Despite action by Staffordshire Police, test purchashopkeepers who sell alcohol to under-age customers, and the provision of extra youth activities, the problem has remained.

Now Lichfield District Council and Burntwood Town Council are looking to join forces to solve the problem. The district council has received an estimate of £30,000 to install the necessary fencing and gates at Redwood Park, off Redwood Drive.

One of the three entrances to the park has recently had a gate installed – but gates are still needed in Aspen Grove and behind the Rycroft Shopping Centre. The district council has identified £14,000 of section 106 "planning gain" funding that could be used on the project. But the town council would need to contribute the remainder.

Huntington colliery has changed.
Portraits from the Coalfields features picturess taken by photographer Luke Unsworth in 1993 on the last day of operation at Littleton pit. The story us updated by shots he took 15 years later when he returned to find what happened to the site and its miners.
The exhibition also features photographs taken to mark the 25th anniversary of the Miners Strike by Andy Boag who took former miners back to the sites of their former collieries in Yorkshire to explore their memories of the industry during that momentous period.
Both projects provide a powerful reminder of how rapidly the physical traces of the coal industry may have disappeared.
Portraits from the Coalfields runs until December 17 at the museum in Valley Road, Hednessford.
There is free admission and the museum is open Monday to Friday from Ilam to 4pm. A special family day is taking place at the museum on December 5 when visitors will be able to join in and craft activities.

# Paws for thought on Armistice Day

Friend of Cannock Chase , June Jukes , Flynn the dog and Cannock Chase Area of Outstanding Natural Beauty officer Ruth Hytch

service for dog owners was held at Cannock Chase on Armistice

Day.

Cannock Chase Area of Outstanding Natural Beauty organised a service to celebrate the lives of working dogs.

On the day, 30 owners and handlers, along with 15 dogs, gathered at Freda's Grave, off Chase Road, near Stafford.

Freda, was a dalmatiantype dog that was the New Zealand Riffles' mascot, when the regiment was stationed on Cannock Chase in the First World War. She died in 1918.

Cannock Chase AONB were handing out a new leaflet, Freda's Footsteps, which contains useful advice for dog walkers—such as when dogs can be allowed off their leads.

Councillor Tony Williams, Cannock Chase Council's portfolio leader for the environment, said: "The loyalty and service of our working dogs is often forgotten, and we thought this Armistice Day would be a good opportunity to take a moment to celebrate them."

Cannock Chase area of natural beauty officer Ruth Hytch said: "The ceremony was a chance to take a moment to think about the sacrifice, duty and love these working dogs give to the people they help.

"The day was really moving, and having working dogs from the police, prison service, dogs for the blind and Pets as Therapy, made it even more poignant."

# Guests who get drunk, fall asleep or raid kitchen

Come Dine With Me:
The Tasty Bits (15)
The dinner party show has become cult viewing for many and however outrageous the behaviour of the guests - whether members of the public or celebs - the real star of the show is the droll commentary by narrator Dave Lamb. This DVD features around half an hour of never-before-seen scenes (a little nudity) but they are not that shocking, the makers kept the best bits in.

So we get guests getting drunk and falling asleep at the table or tumbling off their chairs, a host of culinary crimes, and guests so hungry they raid the kitchen to make their own dinner.

As regards the celebrities, Kim Wood-

make their own dinner.
As regarst the celebrities, Kim Woodburn, of How Clean is Your House, gets 
spectacularly drunk on vodka, actress 
Lesley Joseph gets fits of giggles when 
her lamb dinner is a disaster and Michael 
Barrymore's anarchic buffoonery crosses the line into outright vandalism

Collapse (Exempt)
This thought-provoking documentary puts you in the company of American radical thinker Michael Ruppert for more

Former LA policeman Ruppert reckons our society's dependence on oil will bring ruin upon us all within a decade or so, and that the economic depression which he seems to have predicted - is just the beginning.

If you believe Ruppert, you had best learn to be a carpenter and farmer fast,

because the lights are going to go out, money will be worthless and food is going

to become scarce.
It's a talking head documentary, with some stock footage, in which Ruppert is sittin in what appears to be a bunker, chain-smoking and sometimes doing his credibility no good by bursting into tears or barely restraining his four-letter rage at the powers that rule the world.

He also darkly hints about mysterious deaths in the US military and a break-in at his office in which his computers were

trashed.

Rupper seems to take a perverse pride in his belief that he had been personally targeted by the White House during George W Bush's presidency.

He may have fascinated film maker Chris Smith with his apocalyptic vision

Joan Rivers - showing her tender side

but I remained unconvinced by Ruppert's alarming predictions. However, his ideas are certainly interesting... and worrying.

Joan Rivers: A Piece of Work

[Exempt]

This documentary of a year in the life of veteran queen of comedy Joan Rivers starts with the comedienne close-up without her facade of make-up. It makes the film's intention clear, to show the real Joan. And it probably does. The expletive-using septuagenarian is revealed as a workaholic, driven by the fear of failure and naunted by the sense that comedy is second best to her true love, acting.

that comedy is second best to her true love, acting.
She is also wickedly funny on stage and brutal in her dealing with a heckler. There are two very poignant scenes where we (apparently) see the real woman behind the facelifts and carefully coiffured hair, in a tender moment with her grandson and when the tough cookie sobs after sacking a member of her team, an old friend, who let her down once too often. She still sacked him though.
There are lots of extras on the DVD including interviews.

Soulful Duffy blends modern with retro for her second album

result is an album that lives up to her massive hit debut Rockferry,

blending retro elements with modern R&B/pop production

techniques. The ballads Don't Forsake Me and Too Hurt To

Snowdonia's soul stunner
Duffy returns with a second

ably wouldn't have made it onto Cheryl Cole's album.

Everything seems wrong, from the half-hearted warbling to odd moments, like when she seems to go missing half way through first track, the wanna-be club anthem Runnin'. Maybe she made a mistake by writing her own sonos, maybe with the proown songs, maybe with the pro-duction team, though they include some people with big successes to their credit. But

Insatiable should have been dumped and Nadine directed back to the drawing board. This is one turkey that will still be left in the shops at Christmas.

Selena Gomez & The Scene

- A Year Without Rain
The Disney princess follows
her million-selling debut Kiss
And Tell with a better set of perky pop/rock tracks and upbeat dance numbers. Featuring the hit Round And Round, it is slickly produced for the star from Disney Channel's The Wizards of Waverley Place. The teenager is waverley Place. The teenager is set to become one of the faces of 2011 with the release of the films Monte Carlo and Ramona & Beezus. Her album has that mass produced feel but professionally delivers and her voice is pitched somewhere between Britney and Kylie.

# A5 tops charts for coupe hunt

A poll found the Audi A5 the most sought after coupe, reflecting its elegant looks and premium features

udi's A5 has topped a new poll to find the country's most most popular coupe.
The sleek executive model is

The sleek executive model is the most searched for coupe according to data provided by the UK's biggest website for car leasing deals, Contract Hire and Leasing.

The firm polled web visitors who included personal and business contract hire customers alike and the A5 coupé took 21 per cent of the vote, beating its main rival, the BMW 3-Series coupé into second place with 19 per cent of the vote. The Volkswagen Scirocco was third with 12 per cent.

cent.
So what makes the A5 coupé so special? Combining the practical

dimensions of a saloon with the raked body lines of a coupé, the A5 coupé also beat its own sibling the TT to the title of the best coupé thanks to its combination of space, style, prestige, strong residuals and the reputation of the Audi name.

The A5 coupé comes with a choice of diesel and petrol engines, transmissions and trims to suit all tastes and a variety of budgets.

It can also be selected with Audi's Quattro four-wheel drive for agile and precise handling. Launched in 2007, the model has been popular with car buyers and

been popular with car buyers and contract hire customers ever

Firm spokesman Richard Lawton said: "The Audi A5 has been widely praised since it was first launched. The changes

added to the range in 2009 only enhanced its appeal and Audi is still reaping the rewards of that. "While the competition was close in the form of the BMW 3 Series, the A5 has been consistently higher in the search rankings on ContractHireAnd Leasing.com over the last year and the results of our poll reflect that it's attracting the customers," he added. Most commonly searched for coupes 1 Audi A5 (21%) 2 BMW 3-Series Coupe (19%) 3 Volkswagen Scirocco (12%) 4 Audi TT (10%) 5 Alfa Romeo Brera (9%) 6 Volkswagen Passat CC (9%) 7 Mercedes-Benz CLC (6%) 8 Peugeot RCZ (5%) 9 Volvo C30 (5%) 10 Honda CR-Z (4%)

## Weller-styled Mini with all mod cons

Paul Weller and the Mini he designed to raise money for War Child and Nordoff Robbins Musical Therapy

od rock legend Paul Weller has styled his own bespoke Mini as part of a project to raise money for charity. Following his headline per-

formance at Mini's 50th Birthday extravaganza at Silverstone last year, the former Jam and Style Council front man was asked to create

car.
Weller, a longstanding Mini enthisiast, agreed — and the result is a car that's boldly fin-ished in pink and brown stripes, with a single silver stripe running up the centre. The star said: "I've always loved

and driven Minis, so when I was given the opportunity to design a bespoke Cooper I wanted to create something that reflected the mood and colours associated with the Mod era, which was also the classic Mini's heyday.

"I'd already expressed these colours in a shirt I designed for Ben Sherman a few years ago, so it made sense to me to continue the theme using a Mini Cooper as a palette."

## **Dangerous**

Weller added: "Tve decided to donate the car to two charities: War Child is an amazing organisation which works tirelessly to provide protection for kids who live in some of the world's most dangerous places — Iraq, Afghanistan, Uganda and DRC.

Nordoff Robbins is the charity that really uses music to trans-form the lives of kids and adults

form the lives of kids and adults fundraising to help and support these vulnerable people."

The car, built in Oxford and hand-painted by Mini craftsmen, is being auctioned for one month at www.paulwellerminiauction.com

The car is a 2009 Mini Cooper, with 17-inch alloys, black leather upholstery, Bluetooth, front heated seats, and a Chili Pack. The recommended retail price of the car is £17,920. All proceeds of the auction will be divided between the two charities. between the two charities.

Try red maggot and EFG 141 ground bait in the swimfeeder if you want to target the bream and skimmers.

The same applies to Kingswood Lake, but if you are after pike remember there is a 'sea fish only bait rule and strictly no livebaiting. Lures catch the majority of pike, with several of our popular lure patterns really doing well.

Fisherwick Lakes specimen pool for carp to 20lbs—fruit flavoured boilies or maggots are working well. The same and the special popular winter methods can be applied at most carp waters now the temperatures are dropping.

The local canal networks are fishing well with some nice bags of roach and chub —popular methods are pinkie maggot or castor, feeding little and often.

Chasetown took the lead after just six minutes when a Ramone Stephens cross was flashed across the goal by Gary Hay and Dave Egan steered the ball past the helpless Terry Smith in the Ashton goal.

The Scholars' lead would last just eight minutes as Clive Moyo-Modise scored a fine solo goal for the visitions, cutting across Darren Actor's goalmouth before shooting right-flooted past the keeper's outstretched hand to equalise.

GOALS FROM Dave Egan and Ben

league.

The first half was unquestionably the highlight of
the game, sponsored by The Chronicle, with three
early goals and a missed penalty.
Chasetown took the lead after just six minutes
when a Ramone Stephens cross was flashed across
the goal by Gary Hay and Dave Egan in the
box, but Smith was able to push Birch's resultant
sort-kick wide for a corner.

On the stroke of half time Egan smashed the ball

The Scholar's lead would last just eight minutes as
Clive Moyo-Modise scored a fine solo goal for the vistiors, cutting across Darren Acton's goalmouth
before shooting right-footed past the keeper's outstretched hand to equalise.

Six minutes later and the home side were back in
